

**MINUTES from Stakeholder day of the  
MonMur project, held on 09. of March  
2022. in Čakovec, Međimurska county (HR)**

Partner (B1) organized the Stakeholder day for all partners on project MonMur – Monitoring of surface and underground water in Zala and Međimurje county for the date 09th of March 2022. Invitations were sent 15 days earlier and altogether 24 participants representing all partners were present.

**Visit of Laboratory - visit of Wastewater Treatment Plant**

The event started with gathering at premises of Wastewater Treatment Plant Čakovec - Laboratory, Preloška 169 in Čakovec. After wellcoming speech, it was organized visit of Laboratory under the expert guidance of the Head of the Laboratory of Međimurske vode in order to for visitors to become familiar with the way the laboratory works, laboratory equipment, employees, i.e. to exchange good practice and new achievements in laboratory analysis.

After that all participants visit Wastewater Treatment Plant under the expert guidance of the Head of wastewater treatment. The participants were presented with the working method of the wastewater treatment plant in Čakovec as the largest treatment plant in Međimurje, 75,000 population equivalent (p.e.), with technology for wastewater treatment, a line for mechanical and biological treatment, up to the outlet of purified water into a natural receiver.

### Visit of Water pumping station Nedelišće

The participants visited the largest water pumping station in Međimurje, from which 85% of the population of Međimurje is supplied with water for human consumption. A visit was made to wells for pumping drinking water, and in the premises the participants were introduced to the monitoring and management system of water supply, where the entire water supply system, technical characteristics of pipe profiles and the way of managing supply, losses, breakdowns, etc. were presented on the screen.

### **MonMur Project Meeting and networking**

After that, a meeting of the project partners was held in order for the partners to make arrangements on the activities carried out so far and what needs to be carried out and organized further.

After that, the partners exchanged experiences at the end of the day during lunch at the Kristal Čakovec restaurant.

The event was conducted in Croatian and Hungarian language, with consecutive translation.

***A cross-border region where rivers connect, not divide***
